AB15-ACWCT3	Caisson team, kepi

15mm AB Figures

Most 15mm AB Figures come from Australia and are shipped in bulk to reduce shipping and customs charges: items can take eight or more weeks to arrive if they go out of stock. Accordingly, orders for 15mm AB Figures may take eight or more weeks to fulfil. Fighting 15s, however, casts some commonly requested codes under licence in the UK in order to reduce delivery times.

Command figures (officers, drummers, standard bearers and NCOs) may cost twice the usual price of a foot or mounted figure as appropriate if ordered without an adequate number of other ranks figures because of the economics of casting such figures. Orders that are uneconomic to cast will be declined.

Many codes have variant poses. All variants are picked at random, and specific poses cannot be guaranteed under any circumstances. Fighting 15s cannot provide individual figures from sets.

Mounted figures are supplied with appropriate horses; Fighting 15s does not supply riders separately.

Mail Order

Fighting 15s mainly sells 15mm AB Figures through its online shop at www.fighting15sshop.co.uk, and to advance order at wargames shows across the UK. Orders received through the online shop take priority over any other orders except in the week before a show, when advance orders for the show take priority.

Traditional mail order is still accepted: use this list of codes and phone Fighting 15s for current prices. Please use the full codes from this list.

When credit or debit card details are provided, delivery is charged at cost and calculated when Fighting 15s compiles the order. For payment by cheque or postal order, allow 10% (minimum £2.50) in the UK and 20% (minimum £2.50) within Europe for delivery. Orders paid for by cheque will not be processed until payment has cleared.
